

SSA Announces A Technical Correction to Listing 111.09 C

Announced 76 Fed. Reg. 16531 (3/24/11), effective 3/24/11.

SSA explains this technical correction as follows:

On June 2, 2010, we published final rules that revised the portions of section 102.00 (the Special Senses and Speech body system for children) regarding the evaluation of hearing loss.¹ The rules became effective on August 2, 2010. When we revised the listings for hearing loss in children, we inadvertently did not also revise listing 111.09C in the neurological disorders body system for children. That listing, which addresses communication impairment associated with a neurological disorder, cross-refers to our prior listing for hearing loss in children: listing 102.08. We removed listing 102.08 when we published the 2010 final rules. Since we no longer have that listing, we must correct listing 111.09C.
